25X1 6. [ ] **Boyd Crawford, House Foreign Affairs Committee staff, called and advised informally that the membership of the Committee would be requesting Dr. Morgan, who is ill today, to request Mr. McCone to appear before the Committee on Thursday to respond to questions on Cuba that had been suggested by Secretary Rusk during today's hearing as being within Mr. McCone's province. This information was passed on to Mr. Knoche.**

25X1 7. [ ] **Received a call from Mr. Frank Ellsner, of United Press, indicating that he had just learned that Mr. McCone would be appearing before a Committee of Congress on Wednesday and requested our advice as to which Committee he would be appearing before to save him the leg work of tracking it down on the hill. The caller was referred to Colonel Grogan for handling.**
